

Remarks

This Amendment is in response to the Notice of Allowability dated February 25, 2005.

The enclosed replacement sheets overcome the objections to the drawings set forth in the Notice of Allowability. More particularly, Figure 2 has been revised to designate components 80 and 82. Additionally, a lead line has been added to component 60. In Figure 6, numeral 104 has been replaced by numeral 106. These changes are thought to cure the objection.

Notification of the acceptance of the replacement drawings is respectfully requested.

Dated: April 13, 2005

Respectfully submitted,
